

Dear Parents,

After the New Year, we will begin gathering photos for the yearbook. At this time, your child's class does not have a yearbook representative. Below I have listed some of the responsibilities of the yearbook representative:

- Help take or gather photos from parents and teacher (field trips, performances, class parties, playground fun) I will send you a class list to make sure every child is represented. Digitally create the montage page for the yearbook - deadline is March 15
 - This year the entire yearbook will be created digitally. You do not have to know how to use a photo editing program. Taylor Yearbooks has an online program that will allow you to create your page digitally and simply. I will be hosting training sessions sometime in January/February to show you how easy it is to create the class layout. If you already know Photoshop or another photo editing program you can use your program as well.

This is something that can be done from home or work. If you are not able to get up to school to gather or take pics, I can take them and send them to you.

Please contact me as soon as possible if this is something you are interested in or have any questions.

Thank you
