

NOVEMBER IS ABILITY AWARENESS MONTH

~Celebrating the individual differences and abilities we all have~

Ability Awareness is a program about learning our differences. It will be a fun-filled month at La Costa Heights, where we try to help students understand that we are all different and special in some way. We will explore the issues of acceptance, inclusion of others, and address teasing and bullying, which can make school life hard for so many students. On November 18th, we are having a PTA-sponsored assembly with a very special guest speaker, Jesse Billauer of "Life Rolls On".

See you there!!
